Zihan Song's Portfolio: <http://www.zihansong.com/>

- I really like the simplicity
- I think I would try to create a similar menu bar

Josie Sajbel's portfolio: <https://sajbelcart.github.io/>

- I admire the way she displayed her maps on the home page
- I like how she created maps of where she has been. I've include international experiences on my resume — long-term goal would be to create an interactive map where you can click on the country and get a little blurb about what I was doing there.

Katie Kowalsky's portfolio: <http://katiekowalsky.me/portfolio/>

- Love how she is able to show her personality through the design

Tim Wallace: <http://timwallace.net/>

- I also enjoy the simplicity of his design. It really lets his work shine

Ginny Mason: <http://ginnymason.com/about/>
